

Technical Morning

Conservation & Repairs to a Listed Building with specific emphasis on Stonework

We look forward to welcoming you to an on site Technical Morning on the **5th December 2019**, **between 10am to 1pm at the Former West Derby Carnegie Library, Green Lane, Old Swan, Liverpool 13.**

Works are currently underway to restore and regenerate this historic building into a useful community space for the benefit of all local residents.

The day will feature **Conservation & Restoration with specific emphasis on Stonework repairs, with workshops provided by:**

Arcadis

As Conservation Consultants they identified and scheduled the historic repairs on this prestigious project

and

Stone Central (North West) Ltd

who will give a scaffold talk demonstrating actual stone repairs outlining the expertise necessary to restore and recreate the stone façade.

It will be a structured event, with strict adherence to health and safety requirements.
PPE will be provided, but stout footwear must be worn.

This is an opportunity to understand and observe conservation building techniques through technical and practical examples focusing on surveys, design, materials used, fixes, finishes and application to gain skills and insight into historic repairs.

The morning will also be an opportunity to meet others interested in the built environment and those already in the industry.

If you would like to book your place, please book on EVENTBRITE

<https://www.eventbrite.com/e/conservation-stone-repairs-technical-day-at-former-west-derby-carnegie-library-tickets-81505133047>

A waiting list will operate to ensure full participation

If you would like more details please contact Diane@hsmith.co.uk directly.
